

Dear Prayer Partner,

Just Yesterday we began praying that the terror authors in Lebanon be exposed. Well today the news Media carried this communication from one of the leaders of Fatah Al Islam, fighting the Lebanese Army in North Lebanon. By his own words this leader told the Media, who he works for, How far they wanted to go, and that he receives orders from Al-Quaeda. This is what he said:

### **Fatah al-Islam planned to assassinate Siniora, Jumblatt** *Senior member outlines plot in interview*

BEIRUT: A Fatah al-Islam leader said the militant group had planned to assassinate a number of Lebanese figures, including Prime Minister Fouad Siniora and Progressive Socialist Party leader MP Walid Jumblatt. In a telephone interview with Ash-Sharq al-Awsat newspaper published Wednesday, Abu Musaab, a 30-year-old Palestinian, said one of Fatah al-Islam's plans was to assassinate Lebanese officials using booby-trapped motorcycles and explosive charges, should the group be challenged by the government.

Speaking from his hideout in the Nahr al-Bared Palestinian refugee camp in North Lebanon, Abu Musaab said 25 Saudi nationals had been enlisted in different spots inside and outside the camp.

The Fatah al-Islam official also said the group was being provided with "tremendous" military equipment and millions of dollars. After the disappearance of its commander Shaker al-Abssi and his deputy Abu Hureira. Abu Musaab said he was the one to approve all of Abssi's statements delivered via media outlets, because he is responsible for the group's finances.

"Shahine, nicknamed Abu Salma, is also a Fatah al-Islam spokesman and military official," Abu Musaab said. "Shahine came from Morocco ," he added. "He is surrounded by four veiled Saudis and Yemenis. He is the one charged with linking Fatah al-Islam to Al-Qaeda."

The Lord is obviously encouraging us to persevere in Prayer. So Let us pray:

**1- That the different true Lebanese Political factions will mend their differences miraculously.**

**2- That the church leaders in Lebanon will receive all the support they need, as well as a clearer vision for their ministry in these difficult times.**

Because He lives,
