

Dear Prayer Partner,

The Holy Spirit moved an army of Christian Workers to the large Arab Festival in Garden Grove this last week-end. **Saturday the 8th**, was a full day of blessings and work for many of us. It started early with a practical and intense seminar on Muslim evangelism by known scholars. Then in the afternoon till late evening, our large tents were used for free medical consultations, glucose testing, and face painting. Thousands of tracts and books were distributed. I counted 2 people accepting the Lord right before me on that day.

Then **Sunday the 9th**, was the great surprise that the Lord arranged for us in the evening. We were lead to begin open air evangelism. The message was well received. We counted 12 people accepting the Lord in a dramatic fashion. In the end a very large crowd gathered around us while I was preaching, it drew a professional camera-woman with lights, and numerous policemen horse mounted that were around us like guardian angels.

I can only summarize by telling you that the Lord was greatly glorified. Your prayers were greatly answered. To God be the Glory. A brother took some still photos on that day that can be found on this link:

PLEASE PRAY:

- 1- For the new converts to be followed-up, and each anchored in a church.
- 2- For all distributed literature to bring lasting fruit.
- 3- For the encouragement we experienced to bring more blessed open-air evangelism events in the near future.

Your partner, because He is with us,
Dr Ray Sleiman
